Lloyd Williams QC

Called: 1981 Silk: 2006
civil@30parkplace.co.uk

Practice Overview

Lloyd is an exceptionally experienced Silk in matters primarily regarding high end brain and spinal injuries in both personal injury and clinical negligence, together with police work and inquests.

An important part of Lloyd's professional work is to inspire confidence in the client (often very seriously injured clients), confidence in themselves and the team who represents them.

He advises, guides and reassures the client to ensure that they achieve the best possible result.

Whatever can be done to assist the client and the solicitor will be done, inclusively, reviewing files, having consultations in the evening or at the weekend as well as travelling to meet them at their home or whenever may be convenient. This ensures the client is always at the heart of the process.

Lloyd works closely with a number of senior juniors in 30 Park Place which enables us to offer a combined service, taking different roles in a case, whilst maintaining continuity. This usually results in a considerable saving in both time and costs.

Lloyd is also Head of the Civil@30 team.

Notable and Reported cases

- Adams v Rhymney Valley Council (2001) PNLR 68 CA

Issues of breach of duty arising from two alternative non-negligent courses of action (window locks/deaths from fire).

- Kingston & Others v British Steel (2004)

Lead action in boilermakers' vibration claims.

- Targett v Torfaen Council

Port Talbot Steelworks Explosion Inquest (2005): Lead Counsel for bereaved families and injured men.

- R v CJ

Manslaughter arising from an industrial accident.

- R v RWE

Manslaughter arising from an industrial accident.

- Re K

- Re W.L

A young woman in a road traffic accident left with a high level C5/6 spinal injury. Case settled in 2014 for £8.2 million on a provisional basis.

Personal Injury & Clinical Negligence

This work forms the bulk of Lloyd's practice. Most cases are high value brain and spinal injuries. In many cases he acts for protected persons. They involve dealing with badly injured litigants, their families, numerous medical and other experts, deputies and the Court of Protection.

Regulatory & Inquests

His regulatory work involves HSE cases in the criminal courts encompassing manslaughter and breach of regulations. He has appeared in many inquests, including death in custody and the Corus steel works explosion.

Police Actions & Prison Law

Lloyd has appeared in many police actions, including some forty or more Jury Trials. He has represented 6 local police authorities as well as representing many Claimants. All areas of Police work covered, but particularly actions of assault and malicious prosecution.

Recommendations

- 'Very astute and able to find creative solutions to the most intricate cases.' 'A very accomplished advocate who takes a no-nonsense approach to dealing with opposing counsel. While forceful in his presentation of claims, he is also realistic in terms of possible outcomes and always strives to achieve the best for the client.' (Chambers and Partners, 2018)
- 'Very astute and able to find creative solutions to the most intricate cases.' (Legal 500, 2018)
